## FRIDAY, 5 OCTOBER

RaySearch would like to invite you to the very first local evening symposium on the advanced technologies in today's radiation treatment planning in Hong Kong. Topics covered in the program include the latest news from both RayStation and RayCare, including RaySearch's latest and greatest news on machine learning. Also, we have the privilege to listen to our speakers Mr Leung, Wing Kin Ronnie and Mr Luk, Siu Leung Hollis, sharing some exciting insights on the clinical advantages of RayStation.
